While it may seem like a minor issue to some, receipt of non-sufficient fund (NSF) checks is a time consuming and costly issue. To manage this process the MGR will begin using FARS (Federal Automated Recovery System) immediately. FARS utilizes the federal and state laws allowing the electronic recovery process of NSF checks. When you provide a check as payment, you authorize the MGR either to use information from the check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. You authorize the collection of a fee through an electronic fund transfer from your account if your payment is returned unpaid. Checks must include: Drivers License #, Full Name, Street Address, Phone Numbers.
